### Important Note

The identification of a target market is required under EU Markets in Financial Instrument Directive 2014/65/EU (MiFID II) to ensure that financial instruments are offered or recommended only when this is in the interest of the client. MiFID II Delegated Directive requires distributors to appropriately identify the clients they intend to focus on & ensure client interests are not compromised.

This document outlines those clients Cantor deems to be inside and outside the Target Market for Cantors current range of structured products. When considering if the investment is right for you/your client, each investor and/or financial advisor should review the criteria as stated and determine if the investor is within the target market. Please note if you/your client do not meet the target market, you/your client will not be allowed to invest.
