

## Target Market & Key Factors When Considering If This Bond Is Right For You

Cantor Fitzgerald's range of structured products is designed to offer investor's access to a portfolio covering different asset classes, payoff structures & maturity profiles. Whilst our products are available to a wide range of investor groups, we recognise that within these investor groups the products are designed to meet the needs of specific investors. This is known as the "Target Market" and you should consider the table below when assessing if this investment is right for you and therefore if you are inside the intended target market.

Inside The Target Market	Outside The Target Market
You are a retail investor, professional investor, or eligible counterparty of Cantor to include Individual(s), ARF(s)/AMRF(s), Pension(s) or Corporate(s).	
You have received advice from your investment advisor prior to investing in this product.	You have received no advice in relation to this product and you do not have sufficient knowledge or experience which would allow you to understand the risks associated with this investment.
You have some knowledge or experience of similar investments, the financial markets, their functioning and the underlying asset class which allows you to understand the risks associated with this investment product.	
You are seeking capital growth in USD \$ and are prepared to incur currency risk to obtain this growth.	You are not willing to invest in US Dollars and do not wish to incur any currency risk.
You are willing to invest for a period of 3 years and 11 months.	You do not wish to invest for a period of 3 years and 11 months.
You are not looking for any regular income during the investment period and understand that your amount invested and any investment returns will not be paid until the Final Maturity Date.	You will require regular income from this investment during the 3 years and 11 months investment term.
You have a minimum of \$10,000 to invest as a lump sum.	You are seeking an investment which you can make regular or additional contributions into.
You understand that in the case of Option B the return of 10% of your USD \$ amount invested and any potential growth on USD \$ capital invested will depend on the performance of the S&P 500 Dividend Aristocrats 8% Risk Control USD Excess Return Index (SPXD8UE Index) in US \$.	You are not comfortable to invest with no guaranteed or fixed returns.
You understand that if SG Issuer or Societe Generale were to default you could sustain total loss of investment and any potential investment returns and are in a position to sustain this potential loss.	
You understand if SG Issuer as Issuer or Societe Generale as Guarantor were to default your investment will not be covered by an investor compensation scheme.	You are looking for an investment which can benefit from an investor compensation scheme.

**Important Note:** The identification of a target market is required under EU Markets in Financial Instrument Directive 2014/65/EU (MiFID II) to ensure that financial instruments are offered or recommended only when this is in the interest of the client. MiFID II Delegated Directive requires distributors to appropriately identify the clients they intend to focus on & ensure client interests are not compromised. This page outlines those clients Cantor deems to be inside and outside the Target Market for this product. When considering if the investment is right for you/your client, each investor and/or financial advisor should review the criteria as stated and determine if the investor is within the target market. Please note if you/your client do not meet the target market, you/your client will not be allowed to invest.

**WARNING: The return of your US \$ capital protected amount at the Final Maturity Date, as well as the Investment Return, will be dependent on the solvency of SG Issuer as Issuer and Societe Generale as Guarantor, if either were to default you will lose some or all of your investment.**

**WARNING: If you invest in Option B this product you could lose up to 10% of the US \$ capital you invest.**
