### **Role Summary:**

Cantor Fitzgerald Ireland (CFI) seeks a Senior Research Analyst servicing its Wealth Management clients in Ireland. The successful candidate will contribute to regular investment commentaries and publications.

### **Key responsibilities:**

- Producing regular insightful investment commentary and research on specific agreed equities for distribution to the firms Private Wealth client base via traditional and social media channels.
- Building and maintaining financial models on equities under coverage.
- Formulating and updating investment ideas for both trading and long-term portfolio clients.
- Actively participating in the analysis and monitoring of discretionary portfolios and contributing to the firm's investment committee meetings.
- Contributing to the "house view" on the outlook for main asset classes.
- Addressing portfolio management/sales desk queries in a timely and efficient manner.
- Contribute to the production of cross-asset thematic research and adhoc projects as required.
- Provide support and guidance to more junior members of staff.

### **Requirements**

- 5+ years' experience in an Analyst role on the sell-side and/or or buy-side.
- A graduate qualification in a Finance/numerical discipline and/or qualified CFA or ACA.
- A passion for financial markets and track record of making successful investment recommendations.
- Strong financial modelling, valuation and analysis skills.
- Strong communication and presentation skills; both oral and written.
- A confident and affable team player who thrives working in a fast-paced environment.
- Strong information technology skills with a high level of proficiency in Word, Excel and PowerPoint, Bloomberg and Factset.
