### Product Structure:

The Cantor Fitzgerald Ireland Barclays Bank Ireland PLC 5 Year 3.20% p.a. Fixed Rate Bond II aims to deliver investment returns of 3.20% per annum over a 5 year investment term. The Cantor Fitzgerald Ireland BBI 5 Year 3.20% p.a. Fixed Rate Bond II offers investors access to a competitive fixed return for a period of 5 Years. This investment is a Bank Bond issued by Barclays Bank Ireland PLC and therefore a permitted investment within the prescribed classes as set out in the Credit Union Act 1997 (Regulatory Requirements) Amendment Regulations 2018.

- ▶ **The 5 Year 3.20% p.a. Fixed Rate Bond II** pays a fixed coupon of 3.20% (3.20% CAR) per annum. The Bond can pay an Extra Coupon at maturity of 0.05% if the Eurostoxx 50 stockmarket index is at or above its initial level on the final valuation date.
- ▶ **Barclays Bank Ireland PLC** provides 100% capital protection at the Final Maturity Date and is rated A+ by Standard & Poors and A+ by Fitch.

**Investment Rationale:** The Cantor Fitzgerald Ireland BBI 5 Year 3.20% p.a. Fixed Rate Bond II offers investors a competitive return from a highly rated bank with the added potential to benefit from some of the growth of the underlying Eurostoxx 50 index. This Bond also offers investors an opportunity to diversify their credit exposure into highly rated credits. This investment is a regulated exchange listed Fixed Rate Bond. This Bond is available for investment from Credit Unions, Individuals, Pension Funds, Retirement Funds, Corporates, Co-Operatives, Trusts and Charities.

**Final Maturity:** After 5 years at the Final Maturity Date each investor will be repaid 100% of their initial capital invested plus any Coupons that may be due for the last year. The 100% capital protection is provided by Barclays Bank Ireland PLC at the Final Maturity Date only. If you encash your funds before the Final Maturity Date you may get back less than the 100% capital protected amount.

**Risk:** This Bond is categorised as a very low risk investment with a Summary Risk Indicator (SRI) of 1 out of 7 and with a 5 year term. Please note that even though this product is 100% capital guaranteed at the Final Maturity Date, this is a term investment structure that locks in returns and during inflationary periods the real value of the investment capital may be eroded by such inflation. Also, by locking in returns over this period a client may forgo higher re-investment rates should interest rates rise sooner than expected.

**Advice:** This product is being marketed on an advisory basis only. Prior to investing, it is important that you take financial advice from your Financial Advisor or from your Cantor Fitzgerald Ireland Portfolio Manager. We also draw your attention to the target market assessment provided on page 10 of this brochure.

**Information on The Index:** The EURO STOXX 50 (SX5E INDEX) (The Index) is a stock market index of Eurozone stocks designed by STOXX, an index provider owned by Deutsche Börse Group. The index is composed of 50 stocks from 11 countries in the Eurozone. EURO STOXX 50 represents Eurozone blue-chip companies, considered as leaders in their respective sectors. The Index captures about 60% of the free-float market cap of the EURO STOXX Total Market Index.

**WARNING: This Bond has a duration of 5 years. If you decide to cash in your investment before the end of investment term, you may lose some or all of your investment and investment return.**

**WARNING: If Barclays Bank Ireland PLC were to default you will lose some or all of your investment and your investment return.**

**WARNING : If at Final Valuation Date The Index is below the initial strike price on 3rd May 2024, no 0.05% Extra Coupon will be paid.**

**WARNING: This Investment is a complex investment product and may be difficult to understand. Investors should not invest in this product without having sufficient knowledge, experience and professional advice from their Financial Broker to make a meaningful evaluation of the merits and risks of investing in a product of this type, and the information contained in this document and the Base Prospectus.**

## How Would An Equivalent Bond Have Performed In The Past?

The chart below illustrates the back-tested percentage performance of the Bond since the 31st December 1986 (the Bond's back-tested Final Return is illustrated in the Blue line). All of the returns below are calculated up to the 8th April 2024, using actual closing price data of the Eurostoxx 50 Index (SX5E Index). We backtested the Bonds performance over 32 years of maturities, using over 37 years of price data from 31st December 1986. This produced 8,318 rolling 5-year periods.

- The Bond would have produced the 16.05% Maximum Return 70.65% of the time (5 Fixed Coupons of 3.20% for 5 Years + the 0.05% Extra Coupon).
- The Bond produced the 16.0% Minimum Return 29.35% of the time (5 Fixed Coupons of 3.20% for 5 Years and no Extra Coupon).
- The Average return over the period tested was 16.035%.
- Returns were positive 100% of the time.
- The Bond incurred losses 0% of the time.

### Backtested Returns From Bond Maturities on 29/12/1989 to 08/04/2024.

Note: The simulated products overlap (given one is launched each day) and so are not statistically independent.

**WARNING: These figures are estimates only. Simulated past performance is not a reliable guide to future performance.**

**WARNING: Back-tested performance is not a reliable indicator of future returns. Back-tested performance does not reflect actual trading, is subject to a number of assumptions and has inherent limitations. No representation is made that a client will achieve these results.**

This Bond would not have incurred any losses in historical backdating since 31st December 1986 (using over 37 years of historical price data). The lowest return for investors was 16.0% if held to the Final Maturity Date over the period tested.

**WARNING: If Barclays Bank Ireland PLC were to default you will lose some or all of your investment and your investment return.**

## What Do The Credit Rating Letters Mean?

A credit rating is an evaluation of the credit worthiness of a debtor. The evaluation is made by a credit rating agency of the debtor's ability to pay back the debt and the likelihood of default. The credit rating represents the credit rating agency's evaluation of qualitative and quantitative information for a company or government, including information obtained by the credit rating agencies' analysts.

Credit ratings are used by bond buyers to determine the likelihood that the issuer will repay its bond obligations. Each credit ratings agency uses its own individual rating methodology for measuring credit worthiness. Credit ratings can be subject to changes along with changes in the economy, business environment or on issues affecting a specific firm, industry or country.

The table below defines what the credit ratings from each agency actually mean.

## What risks should be considered before investing?

### Summary Risk Indicator:

This is a Very Low Risk investment product in a highly rated Bank counterparty and its Summary Risk Indicator is classified as 1 out of 7, which is Very Low Risk. If on the Final Valuation Date the Final Price Level of The Index is below its Initial Price Level you will still receive back 100% of your initial investment amount and any Fixed Coupons due.

### Counterparty risk on Barclays Bank Ireland PLC as the Issuer:

By investing in the Bond you take a credit risk to Barclays Bank Ireland PLC in its capacity as Issuer. In the case of a default by Barclays Bank Ireland PLC investors have a senior claim to Barclays Bank Ireland PLC on the residual amount (if any) up to the nominal value of the Bond. Please see terms and conditions page 14 for a definition of Senior Debt. There is a risk that the Issuer may have their credit rating downgraded by one or more of the rating agencies, which could impact the value of the Bond.

### Bail In Risk:

- A bail-in provides relief to a financial institution on the brink of failure by requiring the cancellation of debts owed to creditors and or unsecured depositors.
- In 2014, the member states of the European Union adopted the European Union Bank Recovery and Resolution Directive (BRRD) as a means to protect the financial health of, and the banking services provided by, its banks (called “EEA Financial Institutions”). By January 1, 2016, each European Union member state adopted legislation (collectively, the “Bail-In Legislation”) implementing the BRRD, which ultimately gave regulators the power to restructure the liabilities of a distressed bank.
- The BRRD gives certain powers under a “bail-in tool” to national supervisory authorities with respect to certain institutions (which could include the Issuer) in circumstances where a national supervisory authority has determined that such an institution is likely to fail. The relevant regulation that implemented the BRRD into the Irish legislative system is the European Union (Bank Recovery and Resolution) Regulations (S.I. No 289 of 2015), which came into effect on 15 July 2015 (save for the bail-in tool, which came into effect on 1 January 2016).

This bail-in tool includes the ability to cancel all or part of the principal and/or interest of any unsecured liabilities or to convert certain debt claims into equity or other securities of the issuer or another person. These powers could be exercised in respect of the Securities. As a result, in the event of a failure of Barclays Bank Ireland PLC the exercise of any resolution power or any suggestion of any such exercise could materially adversely affect the value of the Securities and could lead to the investor losing some or all of the value of the investment in the Securities.

### Market risks:

- There is a risk that the value of the Bond may fall if interest rates rise. Equity, and financial markets are speculative in nature and can be volatile, future prices may trade lower than current prices. A U.S., European or global economic recession may result in stock, commodity or financial markets weakening significantly. Global pandemics, geo-political tensions, climatic events or technological developments can cause a disruption to markets. Corporate earnings could fall, dividend levels could decrease. Credit ratings may change. Economic policies, taxation policy, interest rates, currency exchange rates, or tax rates may change. Consumption patterns may change.
- Inflation has increased, if it remains high or continues increasing over the duration of your Investment and if the returns on your Investment are lower than the rate of inflation this will reduce your purchasing power and what you could buy in the future.

**Warning: Inflation may have an impact on the performance / value of your investment and on the real returns. The 100% capital protection cannot protect against the effect of inflation over time.**

- This investment may result in an opportunity cost where other assets generate a higher return on investment.
- The returns from this Bond could be lower than if you invested directly in the underlying stocks within The Index.
- This Bond may be subject to significant price movement at any time before the Final Maturity Date, which may in certain cases lead to the loss of your entire capital invested.

**Risk regarding deductions during the life of the Bond:**

- Deductions for charges and expenses are not made uniformly throughout the life of the Bond, but are loaded disproportionately onto the early period. If an investor sells the Bond prior to the end of the 5 Year term, the practice of front-end loading will impact on the amount of money that the investor receives. The investor may not get back the full amount they invested.

**Liquidity risk:**

- Barclays Bank PLC (“Barclays”) aims to provide a secondary market for The Bond during the investment term. However, certain exceptional market circumstances may have a negative effect on the liquidity of the Bond, and even render the Bond entirely illiquid, which may make it impossible to sell the Bond before the Final Maturity Date and result in the partial or total loss of your initial capital invested. It is envisaged that investors will hold the Bond for the full 5 year term and all investors should consider the term before investing. Where Barclays does make a market in accordance with the above, it will endeavour to provide liquidity in the Securities within a 1% bid/offer spread under normal market conditions.
- Barclays Bank PLC (“Barclays”) will be the sole provider of a secondary market for The Bond. There is no other liquid market on which this Bond can be easily traded and this may have a material adverse effect on the price at which the Bond may be sold. As a consequence, you may lose part or all of your initial capital invested if you redeem the investment early. In extremely volatile market conditions encashments may not be possible. For the avoidance of doubt this provision does not amount to a commitment to make a market on any day at any price.

**WARNING: If you invest in this product you may not have access to your money for 5 years.**

**No recourse to any Deposit Guarantee Scheme:**

- This investment is not a Deposit. In the event of a default of Barclays Bank Ireland PLC your investment will not be covered by any Deposit Guarantee Scheme.

**Risk of product withdrawal:**

- If the volume of funds raised for the Bond is insufficient to proceed, or exceeds any pre hedged amounts, or in the event of extreme market volatility, Cantor Fitzgerald Ireland Ltd., at its sole discretion and without notice, may withdraw the product, or cease to accept applications for it. Investments may also be scaled back or reduced and refunded, in whole or in part, before the Issue Date at the sole discretion of Cantor Fitzgerald Ireland Ltd.

**Hedging risk:**

- After the receipt of a completed application form or an instruction to invest in the Bond, any investor or potential investor who then subsequently decides not to proceed with, or to withdraw from the investment for any reason whatsoever, either before or after the Issue Date of 10th May 2024, may then be entirely liable for any hedging costs, breakage costs or bid offer spreads which were incurred by Cantor Fitzgerald Ireland Ltd. in unwinding the position for the investor.

**Taxation Risk:**

- Revenue law, tax practice or guidance can change at any time and may be retrospective. Tax Rates may change in the future, Cantor Fitzgerald Ireland Ltd. are not tax advisers and are not offering tax advice on these bonds. Investors should seek independent tax advice on the taxation treatment of the Bonds

**Early Redemption Risk:**

- Prior to the Final Maturity Date, the value of the Bond may be lower than the original investment amount. As a consequence, the investor may lose part or the entire invested amount if the Bond is sold before the Final Maturity Date.

**WARNING: If you cash in your investment before the Final Maturity Date you may lose some or all of the money you invest.**

**WARNING: This Investment is a complex investment product and may be difficult to understand. Investors should not invest in this product without having sufficient knowledge, experience and professional advice from their Financial Broker to make a meaningful evaluation of the merits and risks of investing in a product of this type, and the information contained in this document and the Base Prospectus.**

**Prospectus and KID Documents:**

Investors should refer to the KID (Key Information Document), the Prospectus and final terms associated to this Bond before making any investment in the product. The KID document is available at <https://cantorfitzgerald.ie/private-clients/structured-investments/>.

It is recommended that investors read carefully the “risk factors” section of the Issuers Base Prospectus. The Bond is Issued under the GSSP EU Base Prospectus dated 14 July 2023 (as may be amended or supplemented up to, and including, the Trade Date) (“Base Prospectus”) which contains all further relevant terms and conditions shall form the entire and legally binding documentation for the Securities. . The Base Prospectus and any supplements are available at <https://home.barclays/investor-relations/fixed-income-investors/prospectus-and-documents/structured-securities-prospectuses/bbi-structured-securities-prospectuses/> The Final Terms, when published, will be available <https://home.barclays/investor-relations/fixed-income-investors/prospectus-and-documents/structured-securities-final-terms/>.

**WARNING: The value of your investment can go down as well as up.**

#### 19. Complaints Procedure

While Cantor Fitzgerald Ireland Ltd. aims to provide its customers with excellent service and products and to meet with customer expectations at all times, the Company acknowledges that from time to time, customers of Cantor Fitzgerald Ireland Ltd. may have reason to express dissatisfaction or make a complaint to the Company about a product or service provided. Should you wish to make a complaint, please put your complaint in writing to the Head of Compliance, Cantor Fitzgerald Ireland Ltd., 23 St Stephen's Green, Dublin 2. You can if you wish refer your complaint to the Financial Services and Pensions Ombudsman ("FSPO"). The principal function of the FSPO is to deal with complaints by mediation and, where necessary, by investigation and adjudication. As of September 1st 2013, the FSPO will only accept a complaint from a consumer where the Complainant has already communicated the substance of the complaint to the Financial Services Provider and the Financial Service Provider has been given a reasonable opportunity to deal with the complaint. A Complainant is requested to go through the Cantor Fitzgerald Ireland Ltd. complaint handling process prior to submitting a complaint to the FSPO. If you meet the criteria as set out by the Financial Services and Pensions Ombudsman the FSPO contact details are below:

Financial Services and Pensions Ombudsman  
3rd Floor, Lincoln House, Lincoln Place, Dublin 2.  
Telephone (01) 567 7000.
