WHAT IS THIS PRODUCT?

Type:

The Fund is a sub-fund of Cantor Fitzgerald Investment Funds PLC, incorporated with limited liability as an open-ended umbrella investment company with variable capital in the form of an undertaking for collective investment in transferable securities (UCITS). Your investment will take the form of shares in the Fund. The Fund's assets are held through its Depository, which is Northern Trust Fiduciary Services (Ireland) Limited.

Term:

This product is not subject to any fixed term and provides daily dealing. This Fund is an open-ended UCITS and has an indefinite duration. The Fund may be terminated at any time in line with the constitutional documents of the Company.

Dealing Frequency:

Shares in the Fund can be bought and sold, either in whole or in part, every business day. An application must be submitted to the administrator, Northern Trust International Fund Administration Services (Ireland) Limited, by 11.00am on the business day immediately prior to the business day of the purchase or sale. Further details on the conditions associated with the redemption of shares is included under the section "How long should I hold it and can I take money out early?"

Details on the conditions associated with the Compulsory Redemptions can be found in the Prospectus under the heading "Compulsory Redemptions"

Objectives:

The Sub-Fund is an actively managed portfolio of broad and diversified range of equities listed on recognised markets, EFTs, and Collective Investment Schemes. The investment objective of the Sub-Fund is to maximise total returns whilst investing in a broadly diversified portfolio of global equities all whilst looking to promote alignment with the goals of the Paris Agreement. The Sub-Fund will seek to achieve its investment objective by building a globally diversified portfolio of equities and Collective Investment Schemes that are Quality Investments (financially robust, with high returns on capital, strong profit growth and good corporate governance) that are aligned with the goals of the Paris Agreement. The Sub-Fund's return will be determined by the performance of the underlying holdings of equities and Collective Investment Schemes.

The Fund promotes environmental characteristics, including a reduction of carbon emissions and climate change mitigation, by investing in companies the Sub-Investment Manager believes demonstrate a realistic pathway to achieve 'net zero' greenhouse gas (GHG) emissions before 2050, consistent with the Paris Agreement. Equities must also follow good governance practices in accordance with Article 8 of SFDR. The Fund does not have sustainable investment as its investment objective.

The Sub-Fund shares do not pay you income, instead the Fund reinvests income to grow your capital. Shares can be redeemed on a daily basis.

For more information, please see the section entitled "Investment Policy" in the Supplement to the Prospectus.

Intended Retail Investor:

This Fund may not be suitable for investors who plan to withdraw their money within 5 years. The price for buying and selling shares in the Fund is represented by the Net Asset Value (the "NAV") per share. The NAV per share of the Fund will be published daily and made available on the Investment Manager's website at <https://cantorfitzgerald.ie/asset-management/> and will be updated following each calculation of NAV.

WHAT ARE THE RISKS AND WHAT COULD I GET IN RETURN?

The risk indicator assumes you keep the product for 5 years. The actual risk can vary significantly if you cash in at an early stage and you may get back less. You may not be able to cash in early.

Risk indicator

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as class 4 out of 7, which is a medium risk class. This rates the potential losses from future performance at a medium level, and poor market conditions could impact the capacity of the fund to pay you.

Performance scenarios

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product / a suitable benchmark over the last 10 years. Markets could develop very differently in the future.

Recommended minimum holding period: 5 years Investment 10 000 EUR			
Survival Scenarios Minimum: There is no minimum guaranteed return. You could lose some or all of your investment.		If you exit after 1 year	If you exit after 5 years (recommended holding period)
Stress scenario	What might you get back after costs	1 620 EUR	1 630 EUR
	Average return each year	-83.82 %	- 30.41 %
Unfavourable scenario	What might you get back after costs	8 440 EUR	10 750 EUR
	Average return each year	-15.62 %	1.45 %
Moderate scenario	What might you get back after costs	10 490 EUR	15 510 EUR
	Average return each year	4.94 %	9.17 %
Favourable scenario	What might you get back after costs	14 000 EUR	18 260 EUR
	Average return each year	40 %	12.79 %

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

The stress scenario shows what you might get back in extreme market circumstances.

Unfavourable: This type of scenario occurred for an investment between 01/2022 and 07/2024.

Moderate: This type of scenario occurred for an investment between 10/2014 and 09/2019.

Favourable: This type of scenario occurred for an investment between 11/2016 and 10/2021.

WHAT HAPPENS IF BRIDGE FUND MANAGEMENT LIMITED IS UNABLE TO PAY OUT?

For the protection of investors the fund's assets are held by an independent depositary, so the fund's ability to pay out would not be affected by the insolvency of Bridge Fund Management Limited. If the fund is terminated or wound up, the assets will be liquidated, and you will receive an appropriate share of any proceeds but you may lose part or all of your investment. There is no compensation scheme protecting you from this scenario. For further information on the depositary and the sub-fund structure, please refer to the Cantor Fitzgerald Investment Funds PLC Prospectus which can be found at: www.cantorfitzgerald.ie

WHAT ARE THE COSTS?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over Time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods:

We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- EUR 10 000 is invested.

Investment 10 000 EUR	If you exit after 1 year	If you exit after 5 years
Total costs	393 EUR	1 102 EUR
Annual Cost Impact*	3.93 %	1.51 %

*This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 10.68% before costs and 9.17% after costs.

Composition of Costs
